

Fenders

Our reproduction fenders are manufactured to duplicate the originals in both fit and appearance. All fenders come EDP coated. Just as with original GM fenders, we recommend test fitting before painting.

No Volume Discount. All fenders ship Truck Freight to a commercial address.

DSE011801

Detroit Speed Fender Brace Kit

This new DSE Camaro fender brace kit is another way to beautify your engine compartment. The fender braces are 100 percent CNC machined Clevis' from 304 stainless steel. The kit includes fabricated mounting brackets and comes with button head stainless steel mounting bolts. The fender braces triangulate the radiator core support to the fender and are fully adjustable (a benefit not available with your stock fender braces). All mounting brackets come powdercoated satin black.

RSF-69F

RSF-69F Detail

1967-69 OEM Style Sub Frame

OEM style subframe which is an OE style replacement for your rusty, dented or bent original. There is no longer any need to waste money trying to repair your damaged original subframe. This subframe features factory style welds for an OEM appearance, extra bracing in the lower crossmember to add strength while jacking the car (but completely invisible on the outside) and holes and brackets as original. This subframe is very hard to tell from OEM due to all of these correct details.
