

WIRING HARNESS

American Autowire Highway 22 Wiring Kit

The Highway 22 Complete Modular wiring system kit includes all the necessary wiring for headlights including: a three position headlight switch; a 40 amp electric fan or fuel pump relay; heavy duty power and accessory expansion; micro-relays for horns and turn signals; an accessory harness for radio, electric wipers, heater, air conditioning, fuel pump and interior lighting. This kit also contains a floor mounted dimmer switch; an ignition switch that has been designed for either dash or column mounting and includes all the connectors and terminals. The Highway 22 was designed to promote complete mounting flexibility and creativity in specialty electrical systems. These kits are perfect if you plan to do a LS/EFI swap as this kit includes dedicated battery and ignition circuits for electronic fuel injection (EFI).

No Volume Discount.

Dash Harness Classic Auto Fuse Series

Our new Classic Auto Fuse Series dash harnesses allow you to maintain the easy plug and play function of original factory type harnesses, while converting the entire fuse block to an Auto Fuse Series (ATO Type) fuse block. This gives you the flexibility to add additional power circuits without the installation headaches normally associated with this type of fuse box conversion. There is no cutting or modifying of any sort. Just plug it in and turn it on. It is completely compatible with the other original harnesses in your car.

Table listing trunk lamp assembly parts for 1966-67 All, 1968-69 All, 1970-72 All.

Wiper Motor Harness

Table listing wiper motor harness parts for 1964 1 Speed, 1964 2 Speed, etc.

AC Delco Spark Plugs

This is a brand new set of 8 spark plugs for your Chevelle. These high quality reproduction AC Delco spark plugs feature the correct green AC and number markings as original.

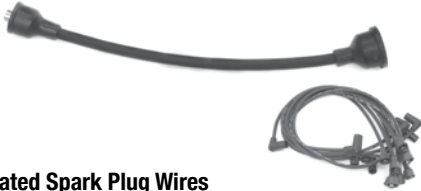

Table listing AC Delco spark plug part numbers and prices: AC43, AC44, AC45.

Note: The number on the plug refers to its operating temperature. The lower number is a cooler running plug which is typically found on the SHP high performance engines.

DISTRIBUTOR & RELATED

PACKARD RADIO TVRS LR 3-

Dated Spark Plug Wires

New reproduction wire set correctly dated for your specific car, pre-cut and ready to install! Each set features correct colored wires and correct angle "cut" boots. The date coding identified the quarter and year in which the wires were produced. As an example, a wire date coded as 1-Q-67 would have been produced in the first quarter of 1967.

Research has shown that most cars had spark plug wires installed that were dated from 1 to 4 quarters prior to the build date of the car.

Flaming River Single Wire Timing Light

This self-powered timing light is designed to work without an auxiliary power source, which makes it ideal for use with magnetos, rear battery mount race cars and all spark ignition systems for hassle-free timing. The Light is equipped with a xenon bulb which generates a bright strobe as well as a convenient work light. Durable construction includes a rubber encased lens and 48 degree pickup lead. State of the art single wire design is operated by two D-Cell batteries. Accurate timing up to 14,000 RPM.
