HI-INTENSITY T3

T-3 Headlamps

Upgrade your weak old original T3 and Power Beam headlights with a pair of high performance headlights from Ground Up! These headlamps utilize modern bulb filaments with a much brighter high/low beam, which are considerably brighter than the original factory and Power Beam units. These fit and function exactly as original which makes installing these a breeze. They feature a T3 or Power Beam logo and look just like the originals! We tested these on our own 1969 Camaro in our warehouse and you can really see the difference!
