**American Autowire Classic Update Series Kits**

Classic Update complete wiring kits are made for the restoration enthusiast who wants some modern amenities in their classic vehicle. These kits include everything you need to modernize your classic vehicle: Headlight, Dimmer and Ignition Switches; Boots, Tubes and Grommets; Fuses, Relays-and Flashers; Original Connectors, Terminals and Disconnects.

**1964-72 Chevelle**

- Replacement headlight switch with internal 30 amp circuit breaker included. Retention collar nut, adjustable length shaft and custom knob are also included.
  - Standard turn signal flasher, hazard flasher and horn relay mounted on fuse panel.
  - Fuse box designed to fit in original location. All required hardware supplied. New ATO fuse allows easy fuse and circuit breaker accessibility. Harness is laid out and formed to allow for nearly all aftermarket accessories such as; gauge packages, wiper systems, heat and air conditioning systems, etc.
  - Original switch connector bodies! (Exclusive to American Autowire)
  - Original Dash Panel instrument cluster connector.
  - Steering column connectors can plug directly into most aftermarket steering columns or stock 1968-1969 GM columns that use stock GM turn signal switches.
  - Under dash courtesy lamps for use in addition to your original dome/interior lighting.
  - Instrument Cluster wiring has a "cluster harness disconnect" system for easy service and assembly. Original terminals and connectors (another American Autowire exclusive) are provided for stock cluster connections. Connects into most popular aftermarket gauges such as AUTOMETER, CLASSIC INSTRUMENTS, DAKOTA DIGITAL, STEWART WARNER, VDO and others.
  - Rear body harness assembly plugs into the main harness in the stock location. Longer leads allow for stock/custom routing of the wires. Rear body wiring has backup light lead wires with correct lamp sockets, stop and tail light lead wires with correct lamp sockets, terminals to mate with the license plate connection wire, side marker lead and ground wires with lamp sockets and fuel tank sender wire with trunk grommet and tank connection.
  - GM bulkhead connectors for the engine and front light wiring (another American Autowire exclusive) and allow for easy installation with original or custom routing.
  - Engine wiring includes connectors for original points type as well as H.E.I. distributors. Power and Tach connectors supplied for GM H.E.I. distributors. Alternator connectors are supplied for GM "SI" series internally regulated alternators. GM "CS" series alternator adapter is available separately.
  - Original style light sockets, switch body connectors, terminals, etc.
  - Front lighting includes extra long leads that can be routed for stock or optional appearances.
- All headlight, parking and directional light connectors (lamp socket pigtails are also provided for 1971-72 applications) and terminals are provided along with a switched trigger wire for an electric fan relay (usually recommended with AC).
