This is a brand new set of 8 spark plugs for your Monte Carlo. These high quality reproduction AC Delco spark plugs feature the correct green AC and number markings as original.

AC43	1970 #43	59.95 set
AC44	1970 #44	59.95 set
AC45	1970 #45	59.95 set

Note: The number on the plug refers to it's operating temperature. The lower number is a cooler running plug which is typically found on the SHP high performance engines. A hotter, higher numbered plug would be used in engines where plug fouling may be or is a problem.

Dated Spark Plug Wires

New reproduction wire set correctly dated for your specific car, pre-cut and ready to install! Each set features correct colored wires and correct angle "cut" boots. The date coding identified the quarter and year in which the wires were produced. As an example, a wire date coded as 1-Q-67 would have been produced in the first quarter of 1970. Research has shown that most cars had spark plug wires installed that were dated from 1 to 4 quarters prior to the build date of the car.
